Robert Glanvile Playing Field Trust

GOOD NEWS

RE-OPENING OF THE PLAYING FIELD

Following a change in Government guidelines we are pleased to be able to open the playing field and facilities on **SUNDAY 5th JULY (Not Saturday as previously stated)**.

To meet with government requirements the following measures have been agreed to make using the field as safe as possible.

1. Hand sanitiser will be provided by the pedestrian gate and all users should use it on entering and exiting the field.

2. Users should ALSO bring their own sanitisers/wipes for wiping hands and equipment.

3. The two middle swings for older children will be removed/decommissioned to comply with distancing requirements.

4. One of the toddler swings will be removed/decommissioned to comply with distancing requirements.

5. The picnic table will be temporarily removed (or cordoned off) to comply with distancing requirements.

6. The Multi User Games Area (MUGA) will also reopen operating on the same system as before lockdown, i.e. open to everyone but bookings made through the shop will take precedence.

7. The tennis court net will be replaced but sanitiser should be used before and after winding it up and down.

8. We ask that users take all rubbish such as used wipes, packaging etc.,home with them to dispose of safely.

THANK YOU to everyone for your patience during the last few months.

We are glad that we can enjoy using the field again.
