

Future Village Facilities Preferences

Survey Results for discussion

Respondent profile

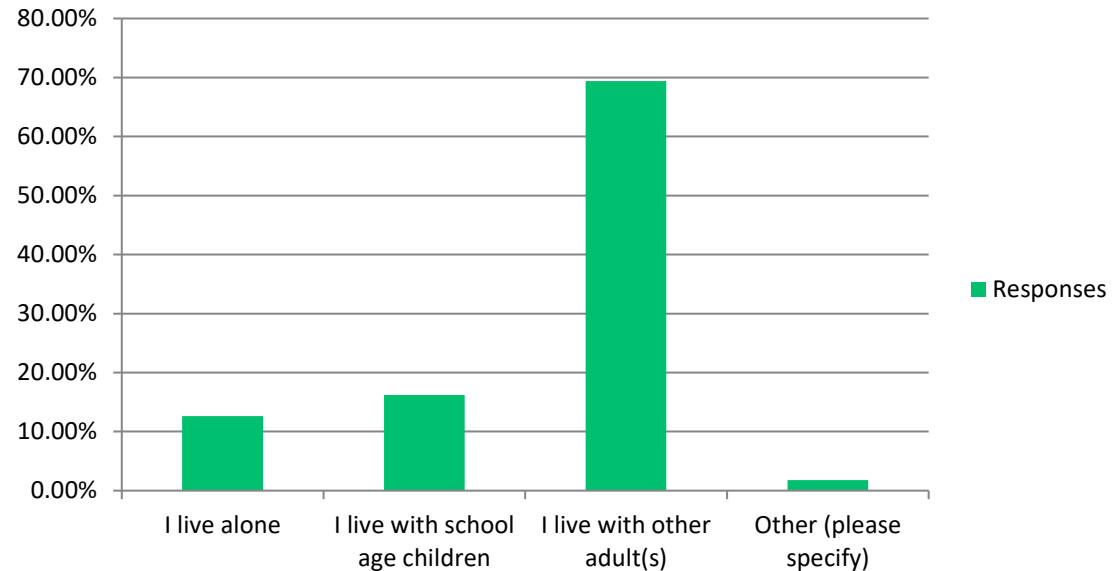

Which part of Westbury sub Mendip do you live in?

Which age group are you in ?

Can you tell us about your household?

Part A - Possible Community Space on land south of Roughmoor Lane

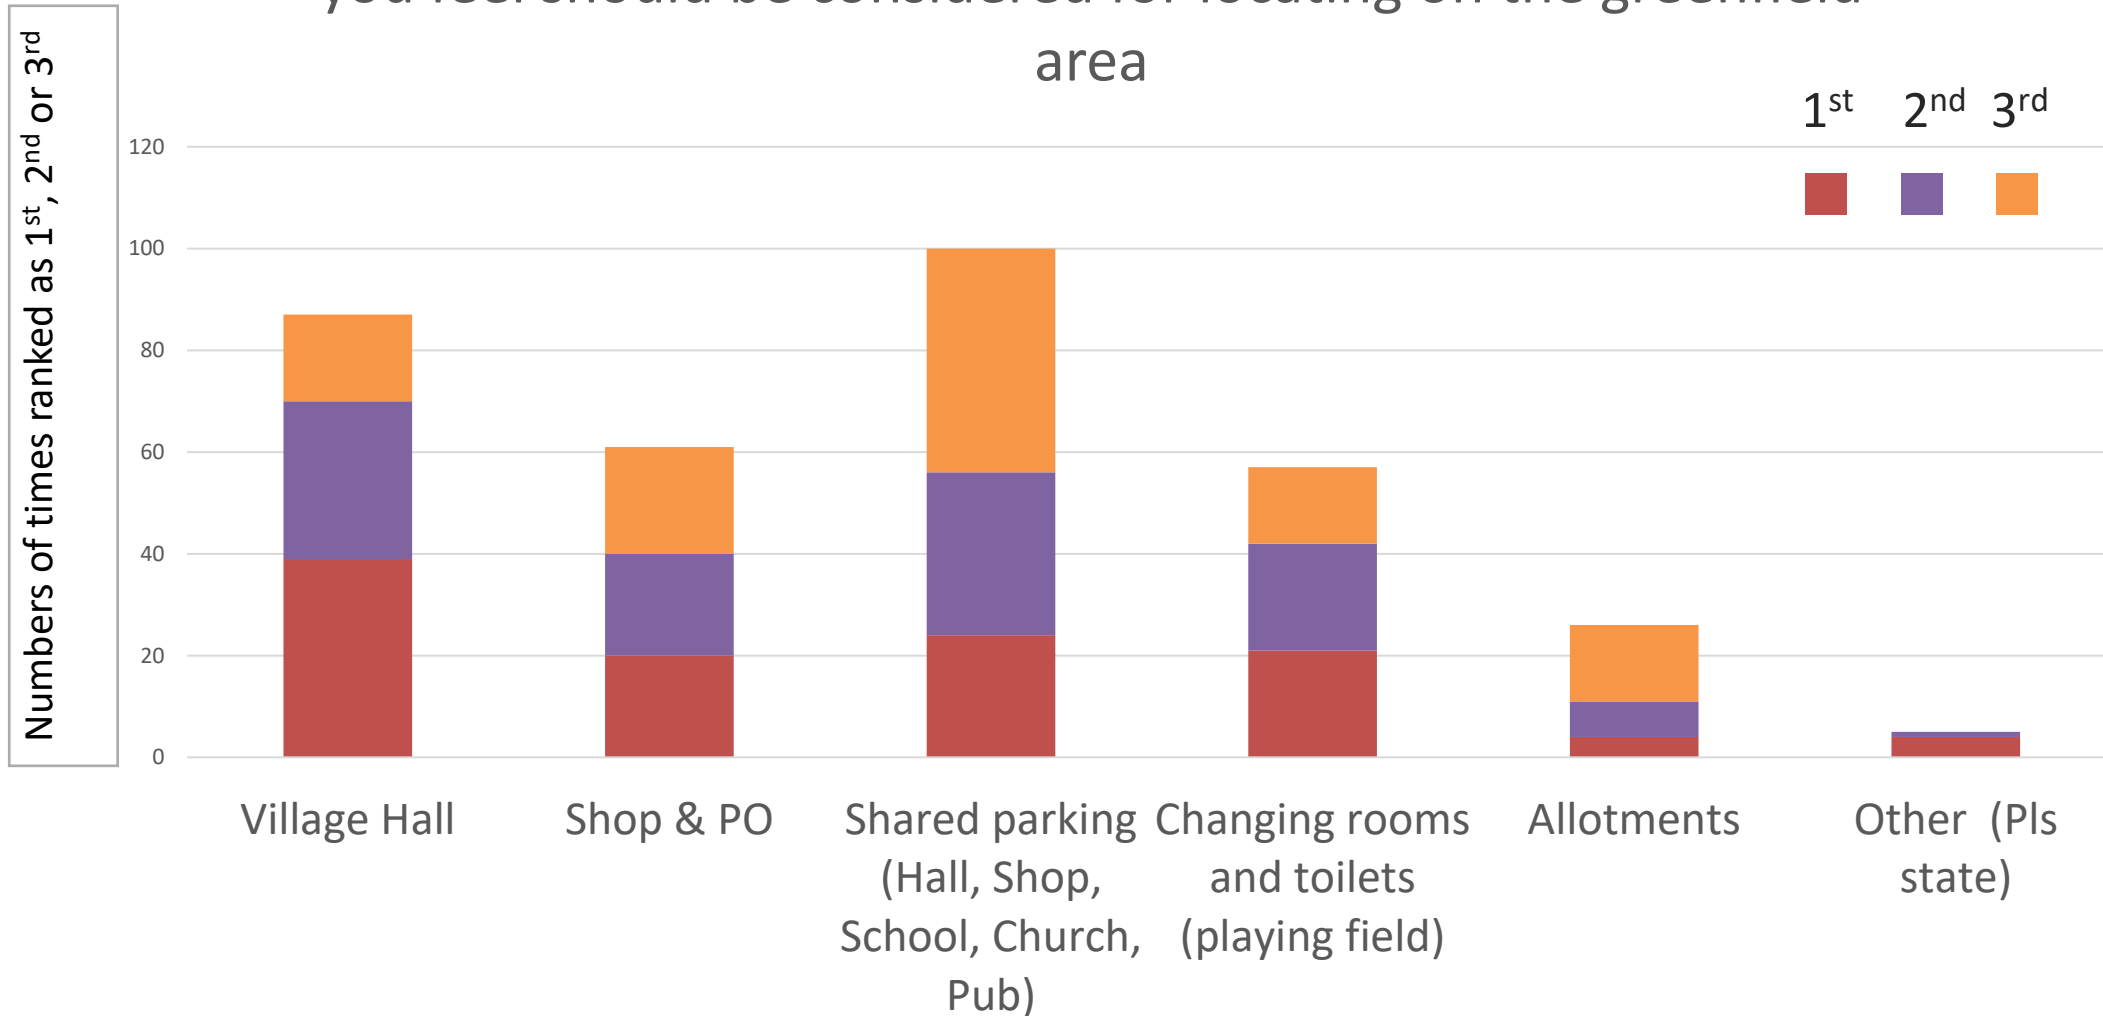

If the land south of Roughmoor Lane was to be developed the policy requires that 0.1 hectares (20 x 50m (two tennis courts)) of land is allocated for community use by the village.

What should this community space be used for and where should it be located?

Part A Q2.

Please rank the top three most important village facilities you feel should be considered for locating in the greenfield area.

A2 - Pls rank the **top three** most important village facilities
you feel should be considered for locating on the greenfield
area

“Other”

Village pond

Community garden/ food forest area
a forest garden

Studio space/workshop for art works

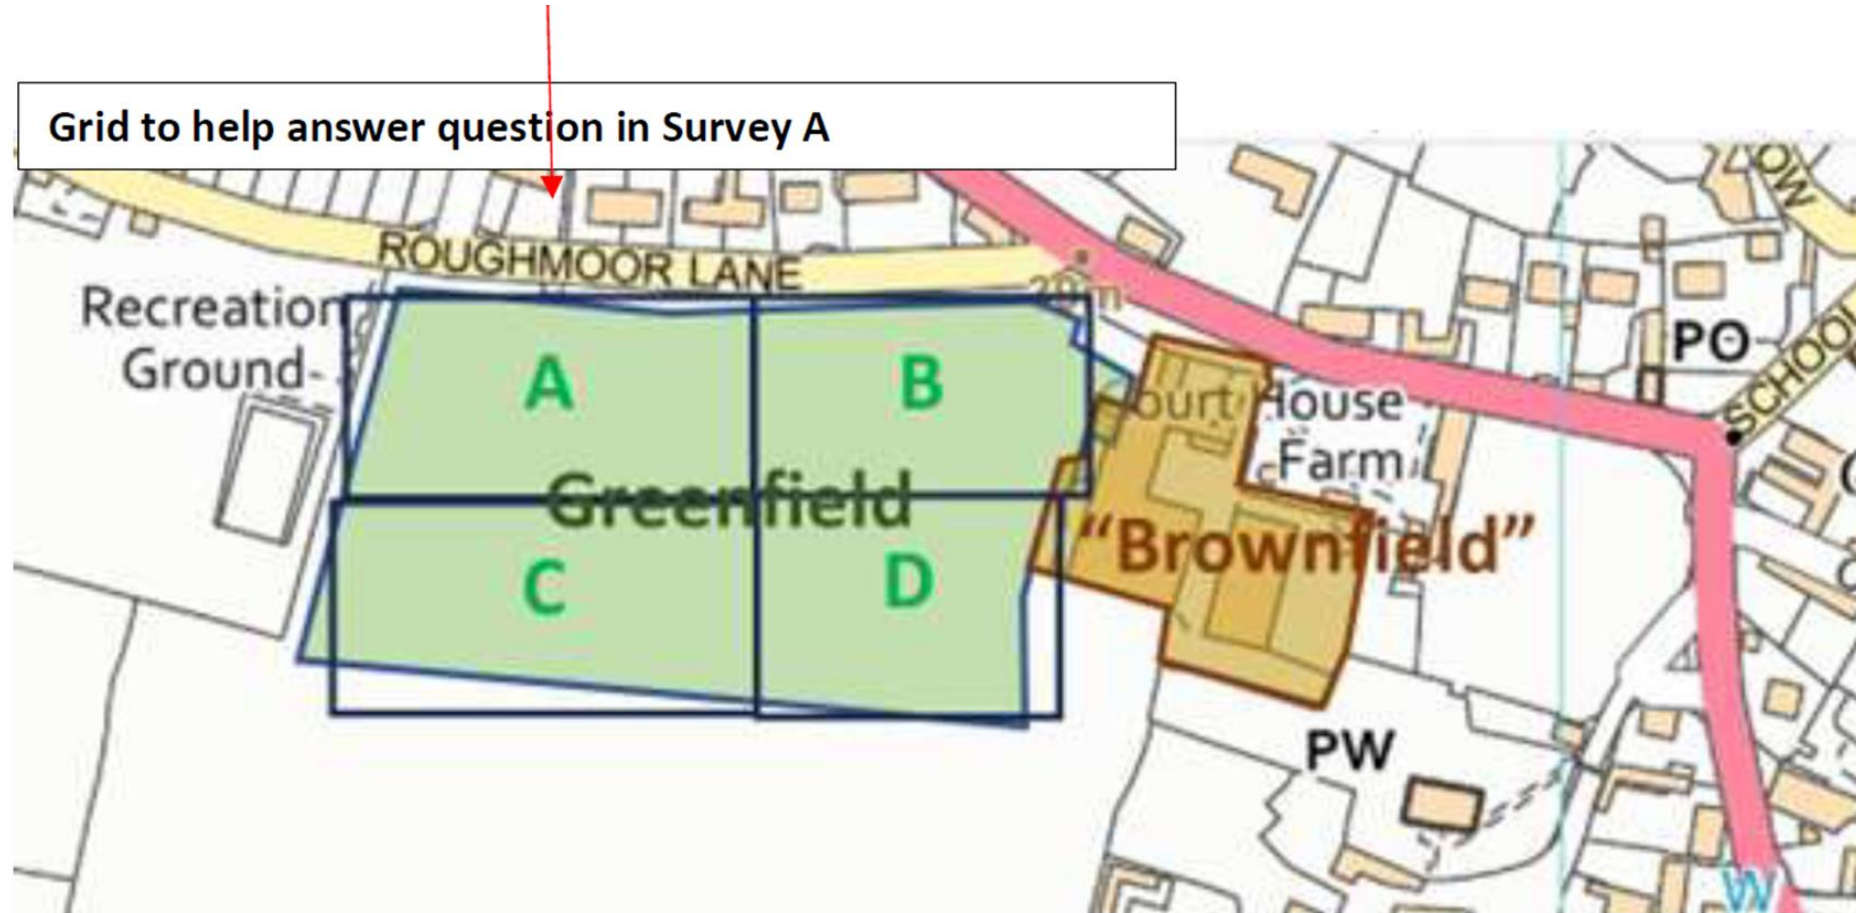

Community orchard.

Adult gym equipment

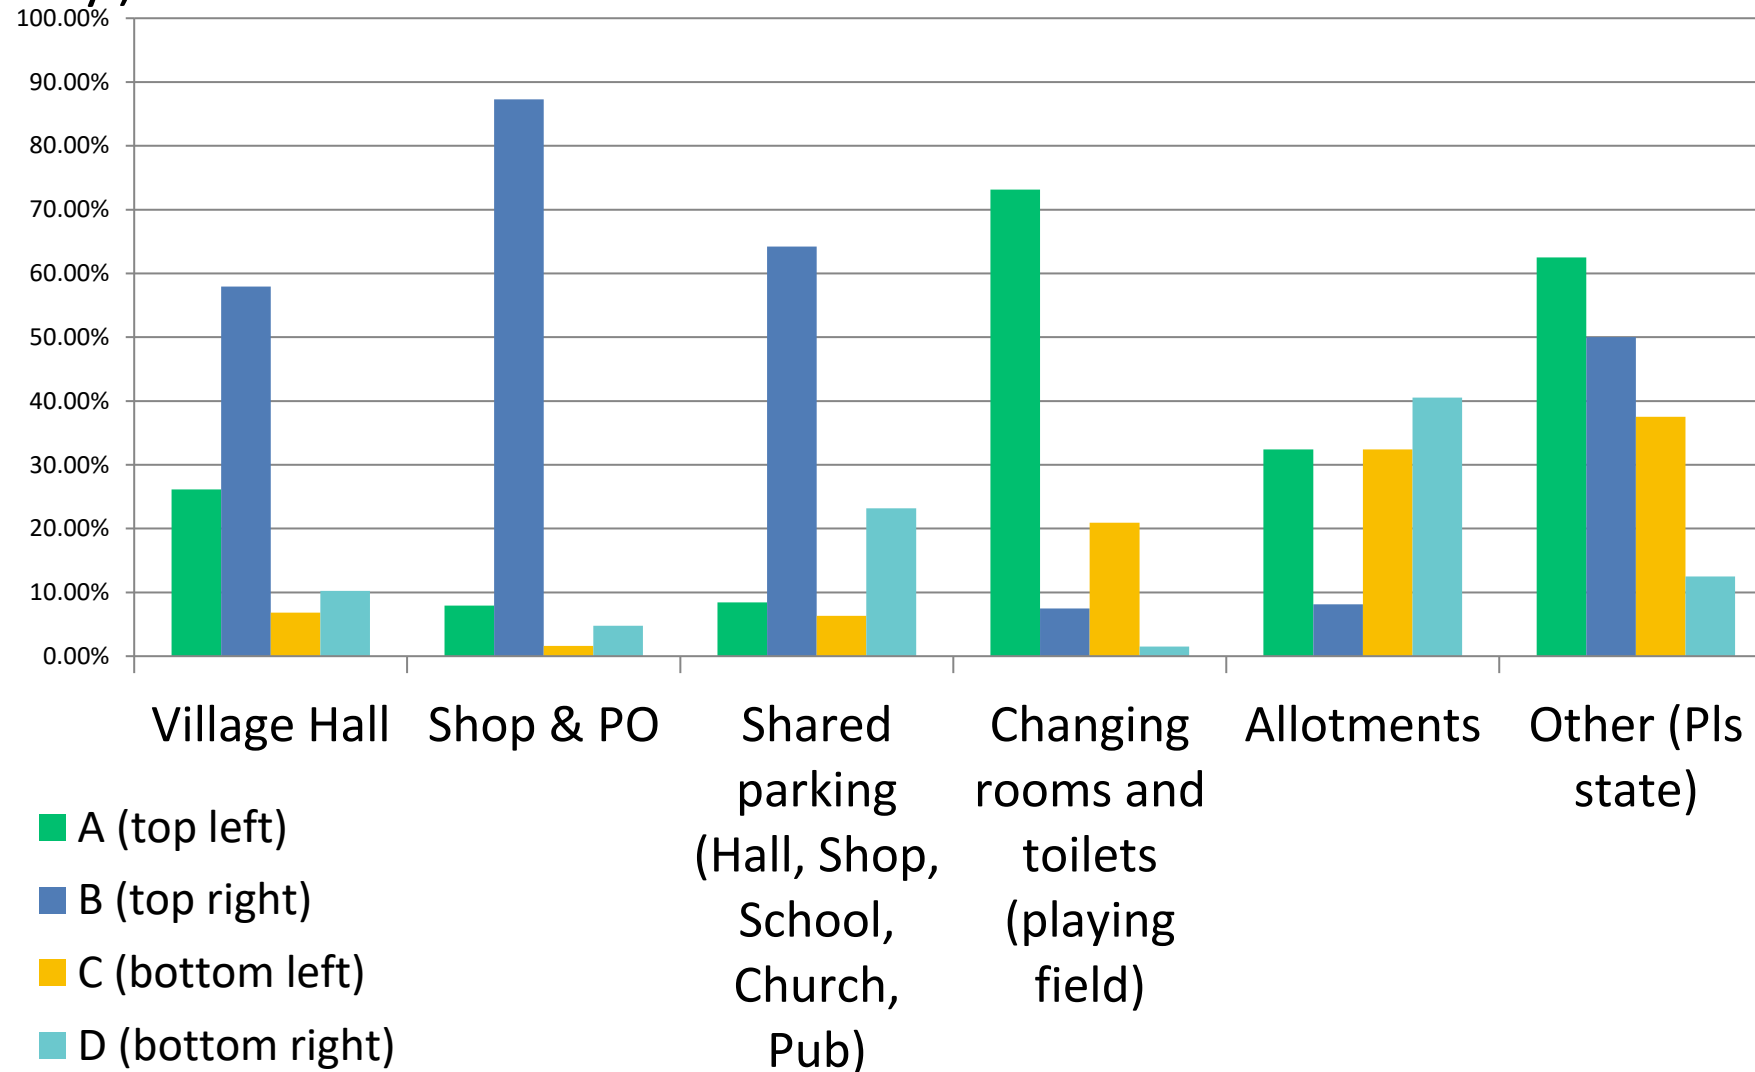

A crop in the arable land space

Community orchard

A3. Take your top three facilities ranked from Question A2 - where would the best location for this facility be (greenfield site only)

A3. Take your top three facilities ranked from Question A2 - where would the best location for this facility be (greenfield site only)

Comments (extracts)

“Shop and village hall would be best on brownfield site”

“Village Hall will provide changing rooms and toilets for all”

“A village hall as close to the heart of the village “

“playing fields can build their own toilets on the playing field itself “

“All depends on provision and placement of a safe crossing on the A371. “

“Having an opportunity for the community to discuss “

“Important that a new village hall has car parking attached. “

“Provision of parking would solve a problem with village centre. “

“New shop should be allocated in court farm court yard at the top”

Part B - Planning village facilities over the next 10-15 years

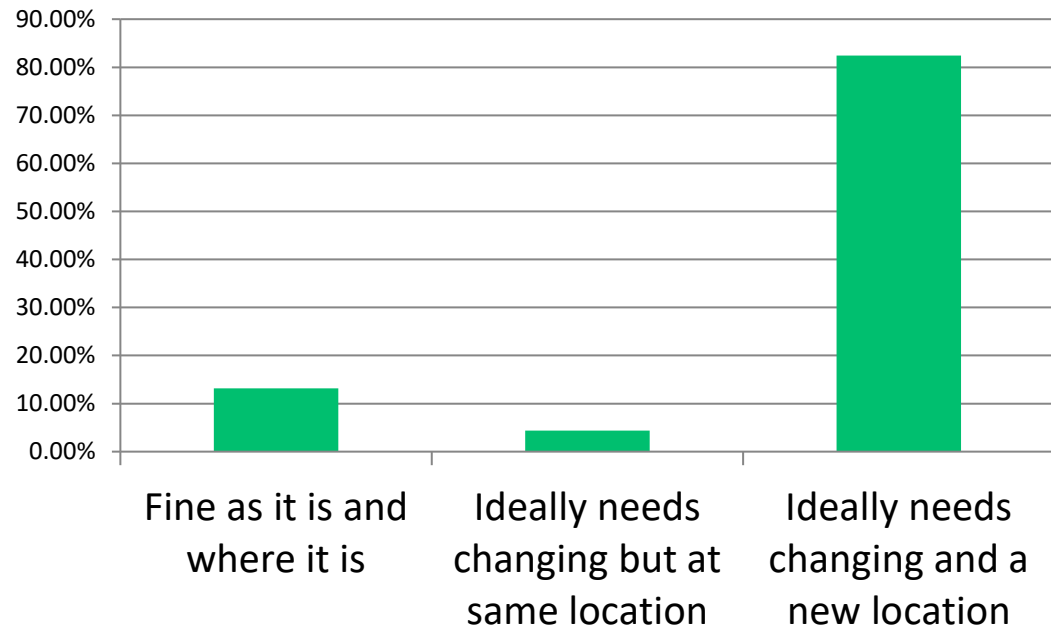

To contribute to a Neighbourhood Plan:

What facilities improvements we should we be planning for over the next 10-15 years and where should they be located.

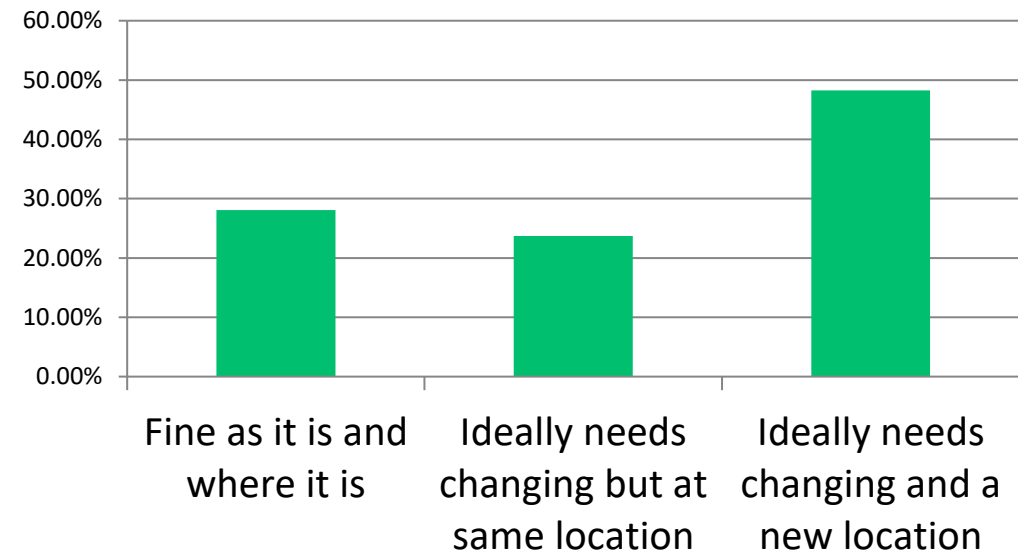

Current facilities and potential new facilities

B2 Looking 10-15 years ahead how well suited are the current village shop and post office facilities ?

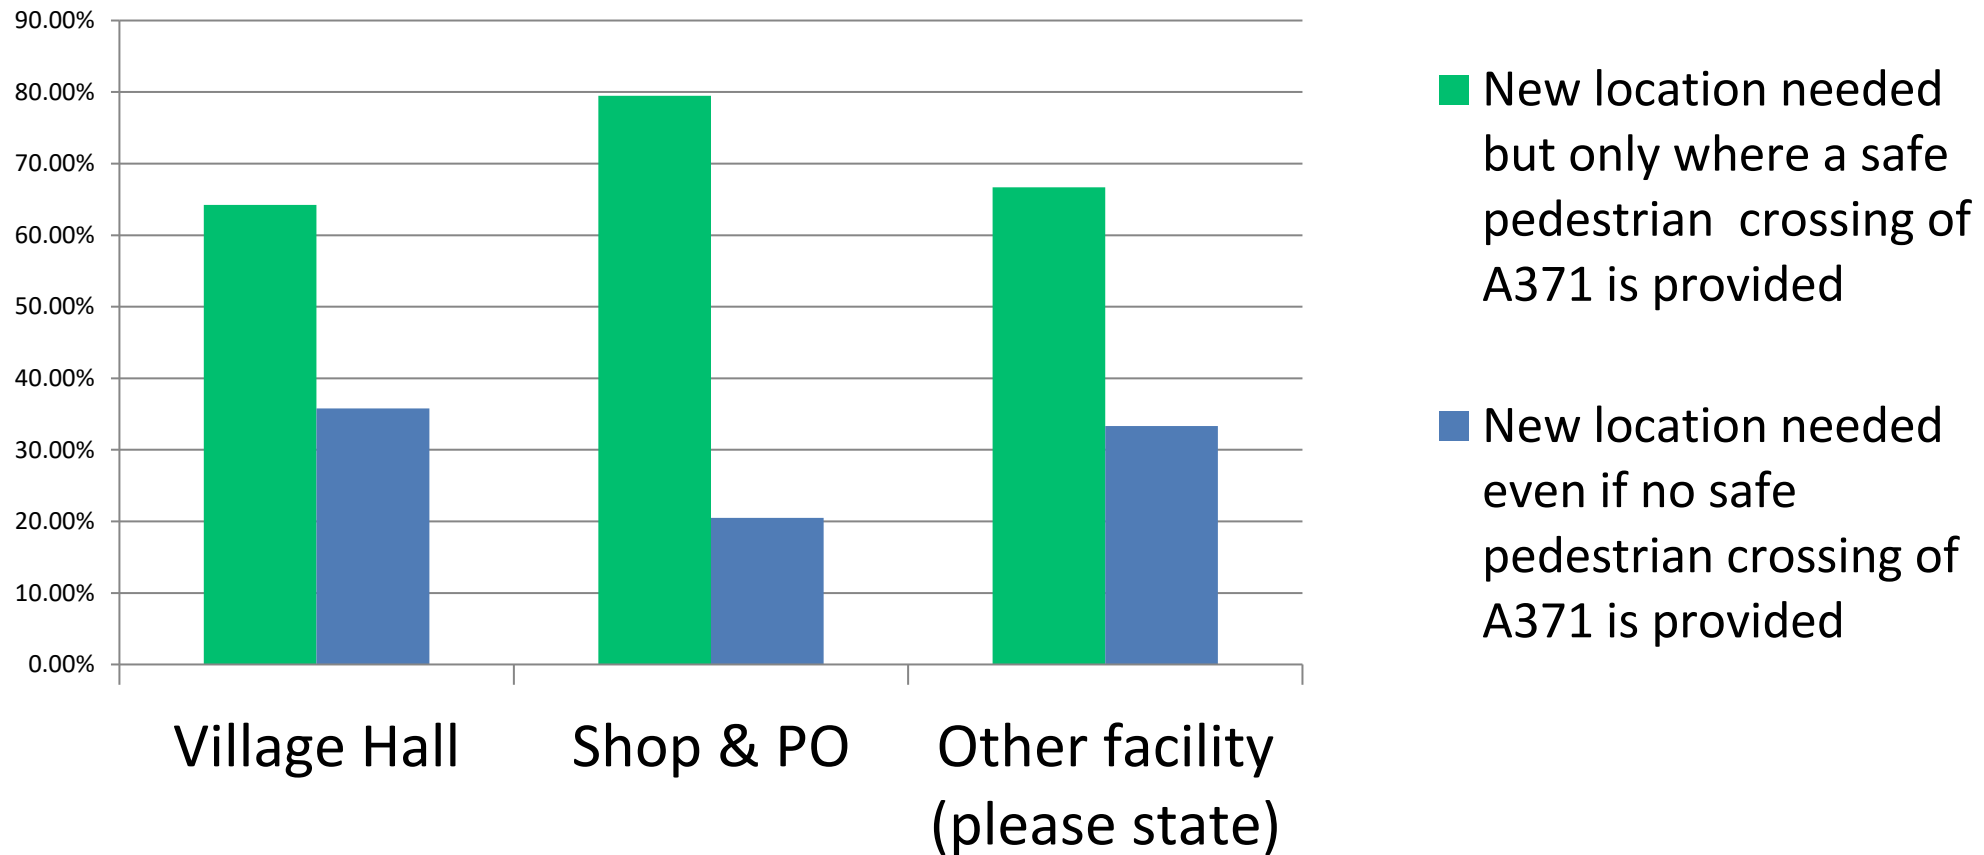

Village Hall

Shop & PO

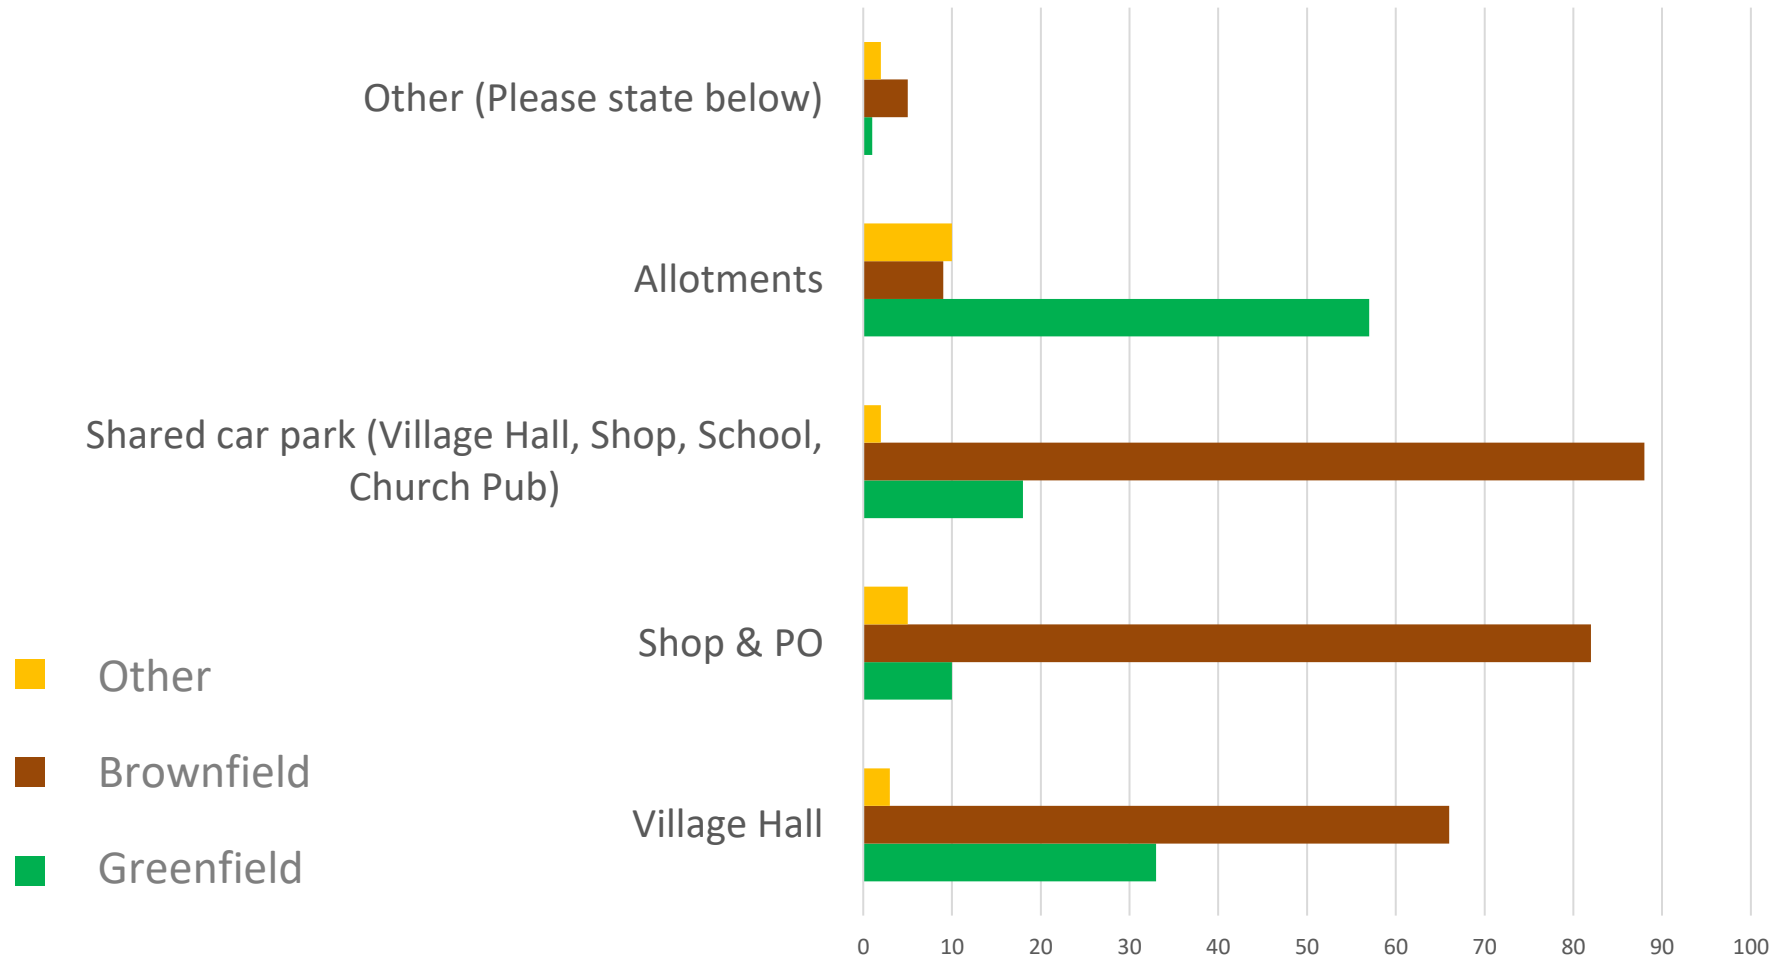

B4. Considering the facilities you identified that would benefit from a new location please review the following.

B6. Thinking about what additional facilities the village should be seeking to develop over the next 15 years. Please rank the following in order of priority with most important at the top.

B7. Preferred locations - existing and potential facilities

General Comments

Brownfield site should be first priority

Any new hall to meet multiple purposes / for all. Currently underused.

Everything contingent on safe crossing of A371

Traffic Calming overdue

Challenges of visibility for crossing A371

Footpath linking Crow lane and Hannahs lane

Sort parking and concentrate on what village needs (new affordable homes for families)

Need to prevent village being frozen in time and just a retirement idyll

Lots of walks from village – a proper voluntary run café might be a good start

More frequent buses to Wells and Cheddar
